**TERMS OF BUSINESS:** & Notes on these lists: (Please read before ordering).

- 1). All stamps are unmounted mint unless specified otherwise. An asterisk \* **next to the country name means that corner blocks of 4 are available at 4 X price.**
- 2). Lists are updated about every 6 months to include most recent stock movements and New Issues; they are therefore reasonably accurate stockwise & 100% pricewise.  
This reduces the need for "credit notes" or refunds. Alternatives may be listed in case items are out of stock  
However, these popular lists are still best used as soon as possible.  
Next listings will be printed in 6 & 12 months time; please say when next we should send a list.
- 3). New Issues Services can be provided if you wish to keep your collection up to date on a Standing Order basis. Details & forms on request. Regret we do not run an on approval service.
- 4). All orders on our order forms are attended to **by return of post.** We will keep a photocopy it and return your annotated original.
- 5). Other Thematic Lists are available on request; Orchids, Birds, Mammals, Fish, WWF etc.
- 6). **POSTAGE** is extra and we use current G.B.commems in complete sets where possible for postage.

**FUNGI STANDING ORDER FORM**

**About the Service:**

The most popular modern stamps have always been those with "Fungi" Thematic or Topical content. It is for this reason that we operate this specialist service and we have done so for nearly forty years. I personally select for each customer his likely requirements.

We send deliveries approximately every 8 weeks for **Fungi** minimum shipment £30. Though it is very difficult to forecast annual expenditure on this theme it was around £8 a week for **all mint Fungi**. A deposit of £15.00 is required for this service.

In addition to a standing order where you take all issues we can send regular, updated listings from which you may pick & choose some back issues. For **Fungi** lists are usually sent every 4 months allowing a reasonable accumulation of back issues to be listed.

Our charges vary according to source of supply, on average we aim to make a 12% net profit on the service. Our prices are average though we have never seen another listing to compare with the comprehensive nature our own. We have over 100 different world-wide suppliers to ensure as complete coverage as possible.

Some postal stationery is issued from time to time which we make efforts to obtain. If you are interested in aerogrammes, postal cards & prestamped envelopes please tick the relevant item below (#2).

We also make every effort to obtain odd values from mixed Flora sets (i.e. where one is a Fungi & the rest irrelevant to your interests). **This important aspect is usually missing from other New Issue Services**. Alternatively you may wish to collect the complete set containing any relevant odd Fungi stamp (see item #3). An example of Category #4). is the Belgium 1996 or Spain 1997; some collectors also like these more unusual additions.

Two months notice is usually required for alteration to, or cancellation of any standing order, (some countries can take up to six months to reply!).

Enquiries concerning this service are most welcome, if you are phoning please ask to speak to Mark O'Neill.
