**MUSIC NEW ISSUES STANDING ORDER FORM**

**About the Service:**

The most popular modern stamps have always been those with a Thematic or Topical content and now increasingly so. It is for this reason that we operate this specialist service and we have done so for nearly twenty five years. I personally select for each customer his likely requirements & you are therefore more likely to get more or less what you require.

We send deliveries approximately every 10-12 weeks for **Music** minimum shipment £15. Though it is very difficult to forecast annual expenditure on this theme it is unlikely to exceed £5.00 a week.

In addition to a standing order where you take all issues, we can send regular, updated listings from which you may pick & choose some back issues. For **Music**, lists are usually sent every 4-6 months allowing a reasonable accumulation of back issues to be listed.

**First Day Covers** can be supplied on Standing Order, however not all FDC's are available. Many countries simply do not issue them. We will supply what becomes available. Cost is usually around £1.00-£1.50 over mint prices but very occasionally (like for France!) a bit more.

Our charges vary according to source of supply, on average we aim to make a 15% net profit on the service. Our prices are average. We have over 150 different world-wide suppliers to ensure as complete coverage as possible.

We also make every effort to obtain odd values from mixed sets (i.e. where one is a "Music" stamp & the rest irrelevant to your interests). **This important aspect is usually missing from other New Issue Services.** Alternatively you may wish to collect the complete set containing any relevant odd Music stamp though this is a rare occurrence (see item #3). Sadly we are unable to offer an "On approval" service.

Two months notice is usually required for alteration to, or cancellation of any standing order, (some countries can take up to six months to reply!).

Enquiries concerning this service are most welcome, if you are phoning please ask to speak to Mark O'Neill.
